5-30-2015 ENSEMBLE THEATRE MAP #2

Better transition from SWW Springs & Buffalo Roadway. Stick to the bike lanes and avoid the streets.

EXISTING BIKEWAY NETWORK

GRAB A PEN! Mark up this map and tell us: Where do you bike? Where do you want to bike? Where are the barriers? What else do we need to know?

- Buffalo Bayou
- Cullen
- Yellowstone
- Milam

There is a trail that was being worked on many years ago. For whatever reason, all we get is a fewuserinfo posted. Rights under our rules MTB.

part of this trail is beautiful & scenic - it is also much too dangerous for the inexperienced cyclist. others.
Mark up this map and tell us: Where do you bike? Where do you want to bike? Where are the barriers? What else do we need to know?

16 downtown it's legal to ride on sidewalks - there needs to be signs to make people aware.

We need much more (on roads + underpasses + overways + etc) signage.

we need billboard ad about 3 feet passing law.

Protected, buffered bike lanes is the only way! Provides more green space, too! Protected intersections!
Existing Bikeway Network

On-Street Facilities
- Separated Bike Lane
- Bike Lane
- Low Comfort Bike Lane
- Neighborhood Bikeway
- Shared Bikeway
- Bike Share

Off-Street Facilities
- High Capacity Multi-Use Path
- Multi-Use Path
- Family Trail
- Development
- Shared Bikeway
- Bike Facility
- Bicycle Park

Need for more bike lanes and bike lanes in existing streets.
